

# CALL FOR POSTERS!

## **ALL SUBMISSIONS WELCOME FOR SFSC'S PROFESSIONAL DEVELOPMENT DAY**

We have an exciting new addition to Professional Development Day at SFSC. All are invited to share information from conferences, workshops, seminars, innovative projects, etc., that you have participated in by creating a poster presentation. Poster sessions are an integral (and fun!) part of professional development. They are a great way to communicate information using text, graphics, and other visuals. Poster presentations are great ways to showcase concepts and projects as well as to collaborate with peers.

*Submit a poster individually or with a group of your colleagues.*

*Community Relations will print your PDF (22" wide by 34" tall) and set up for you.*

## **SUBMIT POSTERS BY FRIDAY, MARCH 1**
